- **Afirmativa:** la condició s'expressa amb **if** + *Past Simple*, i el resultat amb **would** (o la contracció **'d**) + el verb en la forma base.
If I had a lot of money, I would live in a residential area. (Si tingués molts diners, viuria en una zona residencial.)

En lloc de **would**, podem fer servir el verb modal **could** en el resultat, però aquest indica que la probabilitat que es compleixi la hipòtesi és encara menor. Equival al verb "poder" en condicional o a les expressions "tal vegada" o "potser" + condicional.
I could arrive on time if I left now.
(Podria arribar a l'hora si marxés ara.)

Si el verb de la condició és **to be**, normalment es fa servir **were** a totes les persones del singular i del plural.

(Si aquella casa estigués a la venda, la compraria.)

Per donar consells s'utilitza la fórmula **If I were**.

Student's Booklet, pàg. 12

Les oracions temporals

Les que fan referència al futur es fan com les oracions del primer condicional: *Present Simple* a la subordinada i *Future Simple* a la principal. El que canvien són les conjuncions. En lloc de fer servir *if* o *unless*, s'utilitzen *by the time* (quan), *when* (quan), *as soon as* (tan aviat com, quan), *after* (després de / que), *before* (abans de / que), *once* (un cop (que), quan), etc.
I will call you as soon as I get home.

(Em va agradar el llibre que em vas deixar.)

- **Where** s'utilitza quan l'antecedent és un lloc. No es pot substituir per **that**.

*The house **where** my aunt lives is very old.*
(La casa on viu la meva tia és molt antiga.)

- **When** s'utilitza quan l'antecedent és una expressió temporal. Es pot substituir per **that**.

*I remember the year **when** / **that** you moved to London.*
(Recordo l'any en què et vas traslladar a Londres.)

- **Whose** s'utilitza quan l'antecedent és una persona. Expressa possessió.

*Mark has got a neighbour **whose** dog barks a lot.*
(En Mark té un veí el gos del qual borda molt.)

Els pronoms relatius poden fer de subjecte o de complement de l'oració subordinada. Si fan de complement, es poden ometre els pronoms **who**, **which**, **when** i **that**.

This is the car I wanted to buy.

(Aquest és el cotxe que volia comprar.)

Non-defining relative clauses

Les oracions de relatiu explicatives afegeixen informació sobre els seus antecedents, que no és essencial perquè la frase tingui sentit, i van entre comes. Es fan amb **who**, **which**, **where**, **when** i **whose**, que no es poden ometre ni substituir per **that**.

*Ben, **who** hasn't got a Facebook account, didn't know about the party.* (En Ben, que no té compte al Facebook, no es va assabentar de la festa.)

L'estil indirecte

S'utilitza per explicar el que ha dit algú sense repetir exactament les seves paraules.

Reported statements

- S'utilitzen els verbs **say** o **tell** i la conjunció **that** (que normalment s'omet en l'anglès parlat), es treuen les cometes i es canvien el pronom subjecte i la persona del verb.

"I'm having lunch," Alice says.

*Alice says **that** she's having lunch.*

(L'Alice diu que està dinant.)

- Però el normal és explicar-ho en passat. Per tant, utilitzem **said** o **told** i, a més, el verb de l'oració introduïda per **that** fa un salt enrere en el temps (de **Present Simple** a **Past Simple**, de **Past Simple** a **Past Perfect Simple**, etc.).

Estil directe	Estil indirecte
Present Simple	Past Simple
<i>"I always recycle newspapers," Beth said.</i>	<i>Beth said that she always recycled newspapers.</i>
(La Beth va dir que sempre reciclava els diaris.)	
Present Continuous	Past Continuous
<i>"She is giving a talk at school," Paul said.</i>	<i>Paul said that she was giving a talk at school.</i>
(En Paul va dir que ella estava fent una xerrada a l'escola.)	
Past Simple	Past Perfect Simple
<i>"We set up a foundation," Tom said.</i>	<i>Tom said that they had set up a foundation.</i>
(En Tom va dir que ells havien creat una fundació.)	
Present Perfect Simple	Past Perfect Simple
<i>"I have received 2,000 e-mails a day," the boy said.</i>	<i>The boy said that he had received 2,000 e-mails a day.</i>
(El noi va dir que havia rebut 2.000 correus al dia.)	
Future (will)	Future (would)
<i>"I will visit all the museums in Oslo," Jane said.</i>	<i>Jane said that she would visit all the museums in Oslo.</i>
(La Jane va dir que visitaria tots els museus d'Oslo.)	
can	could
<i>"You can buy green products," the teacher said.</i>	<i>The teacher said that we could buy green products.</i>
(La professora va dir que podíem comprar productes ecològics.)	
must	had to
<i>"We must take care of the environment," Dad said.</i>	<i>Dad said that we had to take care of the environment.</i>
(El pare va dir que havíem de tenir cura del medi ambient.)	

- Quan la frase enuncia una veritat general no hi ha canvi en els temps verbals:

*"People **don't recycle** enough," she said.*

*She said **that** people **don't recycle** enough.*

(Ella va dir que la gent no recicla prou.)

- El canvi d'estil directe a indirecte també afecta les expressions de temps i de lloc, els demostratius i els possessius:

Estil directe	Estil indirecte
now	then
today, tonight	that day, that night
tomorrow	the next / following day
yesterday	the previous day, the day before
next week / year	the following week / year
last week / year	the week / year before, the previous week / year
a month ago	a month before, the previous month
here	there
this, these	that, those
my	his / her, etc.

Reporting verbs

- Són els que introdueixen l'estil indirecte, com ara *say* i *tell*, que transmeten el missatge sense afegir-hi més informació. El verb *tell* va sempre davant d'un complement indirecte sense *to*. El verb *say* pot portar o no portar complement indirecte però, si el porta, ha d'anar amb *to*.

tell + compl.

say (+ *to* + compl.)

"I've spent my salary on this freezer," he said.

He said (to us) / told us that he had spent his salary on that freezer.

(Ell ens va dir que s'havia gastat el sou en aquell congelador.)

- Quan es vol comunicar la intenció o el to del parlant, es poden utilitzar molts altres *reporting verbs*: *add*, *admit*, *agree*, *announce*, *complain*, *explain*, *promise*, *shout*, *warn*, *whisper*, etc.

"I didn't like the food at the restaurant," Sara complained.

Sara complained that she hadn't liked the food at the restaurant.

(La Sara es va queixar que no li havia agradat el menjar del restaurant.)

Reported questions

Hi ha dos tipus de preguntes en anglès:

- Les *Yes / No questions* són les que es poden contestar amb un "sí" o un "no". Per posar-les en estil indirecte, utilitzem el verb *ask*, i tot seguit, *if* o *whether*. Atès que la pregunta deixa de ser-ho i es converteix en una frase afirmativa, no hi ha inversió subjecte-verb ni signe d'interrogació i tampoc cometes.
- "Do you know who won the match?" they asked her.*
They asked her if / whether she knew who had won the match.
 (Li van preguntar si sabia qui havia guanyat el partit.)
- Les *Wh- questions* no es poden contestar amb un "sí" o un "no". Són les que comencen amb una partícula interrogativa (*what*, *who*, *where*, *when*, *why*, *whose*, etc.). Quan es passen a l'estil indirecte posem aquesta partícula en lloc de les conjuncions *if* o *whether*. Després van el subjecte i el verb, i prescindim del signe d'interrogació i de les cometes.

"Where have you spent your summer holidays?" Lea asked Sophie.

Lea asked Sophie where she had spent her summer holidays.

(La Lea va preguntar a la Sophie on havia passat les seves vacances d'estiu.)

Les preguntes en estil indirecte poden expressar alguna cosa que no sabem o de la qual no estem segurs.

We wanted to know / wondered who had sent her flowers. (Volíem saber / Ens preguntàvem qui li havia enviat flors.)

Reported commands

Per passar una ordre a estil indirecte, canviem l'imperatiu per un infinitiu. Però abans de l'infinitiu hem de fer servir un verb que expressi mandat, com *tell* o *order*, davant del complement indirecte. Hi ha altres verbs que segueixen aquesta estructura tot i que no expressen una ordre: *ask* o *beg* per expressar peticions o *warn* per advertir algú d'alguna cosa.

"Take the books to the library," she asked me.

She asked me to take the books to the library.

(Em va demanar que portés els llibres a la biblioteca.)

Quan es tracta d'una oració negativa, posem *not* davant de *to*.

"Don't leave your dirty clothes on the floor," my mother ordered me.

My mother ordered me not to leave my dirty clothes on the floor.

(La meva mare em va ordenar que no deixés la roba bruta al terra.)

Reported suggestions

En primer lloc posem el subjecte i *suggest* o *recommend* en passat i, tot seguit, diem el que es suggereix. També podem fer servir *advise* per donar consell i *invite* per fer una invitació. Els suggeriments es poden passar a l'estil indirecte de dues maneres:

- Utilitzant una oració de complement directe introduïda per *that*, amb el seu subjecte i el verb en la forma base.
- "You should stay at home," my sister suggested.*
My sister suggested that I stay at home.
 (La meva germana em va suggerir que em quedés a casa.)
- Utilitzant el gerundi sense especificar-ne cap subjecte.
- "Let's go to the cinema tomorrow."*
She suggested going to the cinema the next day.
 (Ella va suggerir que anéssim al cinema el dia següent.)

Reported offers

Per passar un oferiment a estil indirecte, posem el subjecte i *offer* o *promise* en passat, i tot seguit, un verb en infinitiu amb *to*.

"I'll make dinner tonight."

He offered to make dinner that night.

(Ell es va oferir a fer el sopar aquella nit.)

Quan es tracta d'una oració negativa, posem *not* davant de *to*.

"I promise I won't be late."

He promised not to be late.

(Ell va prometre que no arribaria tard.)
